

Hi there,

Six free Architect Registration Examination® (ARE®) practice exams—one for each division—are now available to all licensure candidates! While this resource was previously only available to those with active exam eligibilities, you can now access these practice exams at any time to help prepare for your next steps on the path to licensure.

To access the free practice exams if you don't have active exam eligibilities, simply [log in to your NCARB Record](#), navigate to the Overview tab, and select "Practice the ARE®." If you have active exam eligibilities, you can continue to access the practice exams through the "Exams" tab of your NCARB Record.

[Take the Practice Exams](#)

You can take the practice exams in two modes:

- **Test mode** mimics the experience you'll have during a real exam appointment and provides a score report afterward.
- **Practice mode** provides the correct answer and rationale behind each item as you go.

The **full-length, fully scored** practice exams were written and developed the same way that our [real exams are developed](#): volunteer architects collaborate to develop questions (also called "items") that test on the objectives outlined in the [ARE 5.0 Guidelines](#).

If you have questions or experience issues accessing the practice exams, please reach out to our [Customer Relations team](#).
